I wish I could get away for a while

A. CONVERSATION

M: Sarah, you looked tired. Are you okay?

W: No...I feel so stressed out by all my work. Sometimes I just wish I could get away for a while.

M: And you should! It can make you feel so much better. Why not take a trip out of the country?

W: What? That's impossible. I never thought of that.

M: You should consider it. I just got back from my own trip and now I feel refreshed.

W: Hmm...maybe I could try it out. Thanks for the advice.
