It's up to you

A. CONVERSATION

W: I love this shop! It has an incredible collection of bags.

M: I'm not that into bags, but even I find some of these bags trendy.

W: Oh, look at that one. I love its leather.

M: The one beside it with the animal pattern is not bad either.

W: Aw, now you make me want to buy them both!

M: It's up to you, but if you like them both, I think it's okay to take them together.
