

Speaking Test 4
A EXERCISE • 實戰演練

Question: Tell us about your favorite food.

My favorite food is fried chicken. Yes, I know, eating too much of it can be bad and unhealthy, but I really love it. Juicy, flavorful chicken, fried to a golden brown with a crispy coating over a tender chicken leg, wing or breast. My mouth just starts to water.

This is, in fact, the most popular menu in our country. Different restaurants and vendors have their own recipes, but they are all good. One thing I believe we can all agree on, there is nothing better than a plate of fried chicken.
